Customer Reviews

I needed this music right away for my son's solo and ensemble competition. I was worried because a prior reviewer indicated that the separate violin part was not included. I'm happy to report that it is included. There is both a piece with piano score as well as a separate violin piece. The item came brand-new in great condition and very happy.

I should have paid attention to the other reviews because I ALSO didn't get my separate violin part. This is the piano part ONLY. Totally useless with just the piano part, so I will be returning this stupid thing.

Did NOT come with separate violin part, despite earlier review. Very disappointing.

The book includes a separate part for violin only. The part is not even paper covered, but it is extra and very helpful. I put on a cover for it with heavy calendar paper and staples at the middle. Now, we take the violin only part to see the teacher and keep the violin/piano part for future use. Best value for the cost and good quality for violin students.
