Customer Reviews

Profesores de diseÃo grÃfico, estudiantes y profesionales que deseen encontrar de manera detallada un buen recorrido por la historia del diseÃo grÃfico, exquisitamente ilustrado en mas de 500 paginas, sin duda deben tener este libro como parte de su colecciÃn educativa. Va desde las pinturas rupestres, el antiguo egipto, renacentismo, art nouveau, pop art, hasta el contemporaneo (fecha de publicacion 1997). Se lo recomiendo, vale cada centavo.

I couldn't receive the item during all the time I was living in the University of Louisville. All my books arrived at the right time, all but this one.
