The Pompous Tory: The Wife In Space Volume 3

Synopsis

In 2011, a fanboy convinced his not-we wife to watch every episode of Doctor Who with him (even the ones that didn't exist any more). The result was a moderately successful blog called 'Adventures with the Wife in Space'. This volume collects the third phase of that blog and covers the third Doctor, as played by Jon Pertwee. It's also packed with extras, including blogs for Worzel Gummidge and the Sarah Jane Adventures, a new interview with Sue, episode annotations, exclusive illustrations, a video transcript and a foreword by Paul Cornell. This book covers Spearhead from Space to Planet of the Spiders.

Customer Reviews

This has to be the best Wife in Space yet. I found myself laughing out loud at Sue's remarks about the Third Doctor. And every time she asked if someone was the Master, it never got old. Neil and Sue continue to be engaging to the reader in every step of this insane experiment. Still loving it and can't wait to read what she has to say about MY Doctor, in the next book.
