# Learning Legal Rules: A Student's Guide To Legal Method And Reasoning

Synopsis

Learning Legal Rules brings together the theory, structure, and practice of legal reasoning in a readily accessible style. The book explains how to uncover and exploit the mysteries of legal materials. This is then used to draw the student into the techniques of legal analysis and argument and the operation of precedent and statutory interpretation.

Customer Reviews

This is an excellent introduction to the english legal system. It also happens to be the primary text for the University of London's LLB programs class on common law reasoning and institutions. It is highly readable and provides an excellent overview of the legal method and gets you to start thinking like a lawyer. I highly recommend it to any budding lawyer or anyone who is just curious about the law.

what a great read. i have read a few books this past year ready for uni, and this is up there as one of the best

good production. good seller. thanks
