I've read it a dozen times and I've loaned it out to many. Powerful story of a man who is like a modern day Paul. You won't be able to put the book down and it's impossible for your faith to not be lifted regardless of where you are in your spiritual journey.

Most vivid testimony on what means to be a real Jesus disciple. A real man who understood God will for the human kind wheeling to renounce his own life (death un Christ) in favor of Gods kingdom extension. Out of brother Yun and other real braves in Christ the biggest church un earth exist today, more than 100 million Jesus followers in China, while here in America we are so worried for our own well-being. A real wake up call for todays church...

This book is very nice and share the real situation of the church in China.I bought this book for my uncle in Montevideo, but he received others books together.My uncle said that many books to other people arrived with this book.Please, could you tell me how I can to send them to you?Jonathan

This is a life-changing book. Don't read it if you have any fears of being convicted about the shallowness of your own spiritual condition. It is devastatingly penetrating in describing the work of the Spirit of God in the life of a humble man.

Outstanding book, arrived quickly and in excellent conditions. The book is exactly what I thought it would be and the price was a plus.
