Customer Reviews

We've read many of the books in the series in English and are introducing her to reading Spanish with some of these. They are well translated and carry the message, meaning, humor and wit. The experience for my daughter is just as enjoyable with the Spanish book as with the English ones.

My daughter and grand daughter need these for a small library on a mountain top in Honduras. The children need entertaining books to learn to read that will not put strange images into their imagination.

I read Junie B. Jones book as a child. And was extremely glad to find these in Spanish! Fun for me to read (at 22 years old!) to work on my Spanish, as well as to read to my daughter who is half

hispanic. Wonderful!

Junior B. Is an amazing character. She is mischievous in an innocent way! A kindergartener that says what she sees. This book and the Junie B. Series is a great way to not only motivate but keep young readers hooked!

Junie B. keeps me laughing while I improve my Spanish. I enjoy all of this series. I think the Spanish is pretty good even though there were a few words I couldn't find in my Spanish/English dictionary.

I am using this book to teach adults how to read Spanish and they love her adventures. Junie B. is great in English or in this Spanish version.

I love all the books from Junie B. Jones Me encantan todos los libros sobre Junie B. Jones y mi hija tambien aunque aun no sabe leer
