This is a nice combination of songs, but fairly challenging. I purchased one for each of my children, but they cannot do much with this music until they have a few years of playing under their belt. This is not for beginners.

My daughter loves this book. perfect for 2nd or 3rd year trumpet player..not for beginners...fun for playing for fun! thanks

I've been playing the trumpet for years, but not much since college. Was looking for some fun music with accompaniment CD to get back into playing. I love Disney tunes so I bought this book (among others). It has been great for me to get back into playing. Songs are rather easy, but it's allowing me to work on sound quality and stamina. CD has both "accompaniment only" and "melodic cue"

versions for each song. My young sons and wife recognize the tunes and are entertained the music. Great book.
